

Partnership Agreement Templates Reform

Approach of Partnership Reform

- 1. Move away from one-size-fits-all procedures & documents that have created past complications for individual partnerships.
- 2. Focus on what a partnership should achieve & less on administration of funds, especially for partners with strong capacity & controls.
- 3. Utilize available data, UN-collaboration & regional structures to better mitigate risk.

Partnership Agreement Types and Templates

Global Partnership Agreement

- Short-, medium- or long-term
- No financial commitment.
- Templates available in Cloud ERP

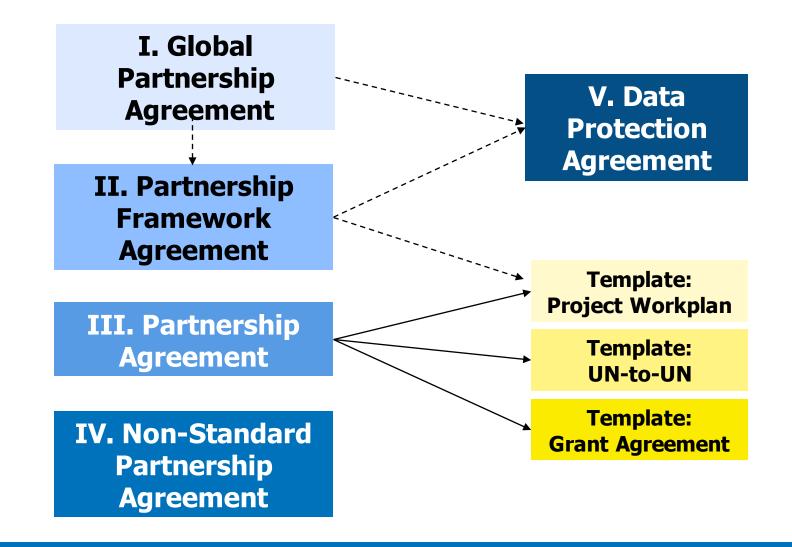

- Limited to one budget year
- Financial commitment
- Various templates

- LAS approved. Term and financial commitment case-by-case
- No/limited template use

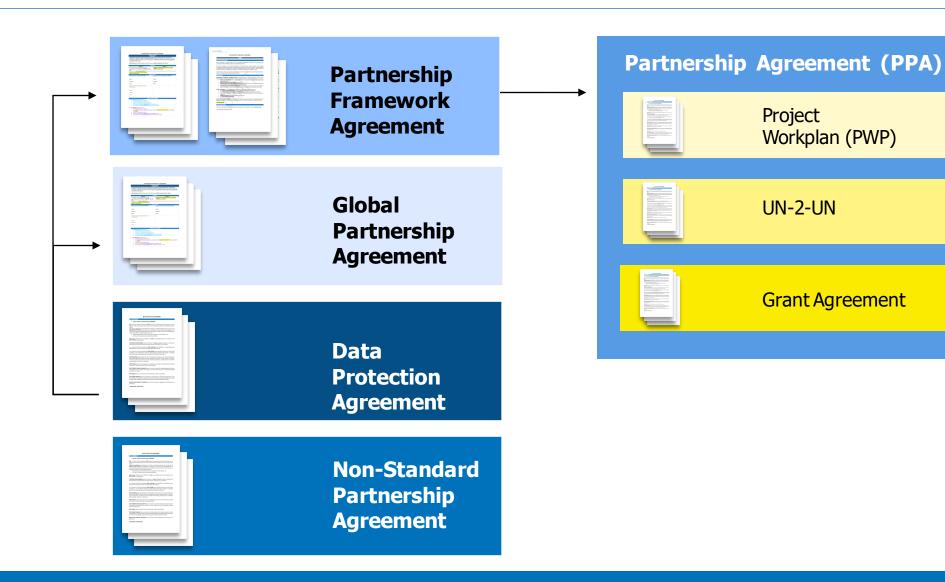

Five Types of Partnership Agreements

Partnership Agreement Types and Templates

Partnership Agreement Templates

Global Partnership Agreement

- Primary use-case: Global agreements (e.g., MOUs) with INGOs.
- Not time-bound.
- No financial commitment.

Partnership Framework Agreement

- Primary use-case: Country-level multi-year agreements with NGOs or government partners.
- Bipartite or tripartite.
- Timeframe aligned with multi-year strategy/plan.
- Aligned with outcome areas.
- No financial commitment.

Project Workplan

- Primary use-case: Where funding is provided to an NGO or government partner. Subject to a partnership framework agreement.
- Timeframe aligned with budget year.
- Aligned with outputs.

If there is a global partnership agreement, this will determine/define the terms and conditions of the partnership framework agreement.

Data Protection Agreement

- **Primary use-case:** Where personal data of persons of concern will be processed.
- General provisions (principles, etc).
- Specifics in the Project Workplan.
- Transitional option to use old Annex C if need be.

If there is funding, then a project workplan will be entered into which will cover more details on activities/tasks, financial and results plans

THANK YOU
